Dae Chun Laver Co. Debuts Seaweed Products at PLMA Chicago

FULLERTON, CA — September 18, 2026 — Dae Chun Laver Co., Ltd., an innovator in ready-to-eat seaweed products, today announced its debut at PLMA Chicago. Attendees can sample the products at **Booth #F5414** in the North Hall of the Donald E. Stephens Convention Center.

Made from sustainably sourced seaweed, the nori products and seaweed snacks deliver plant-based fiber and vital minerals in ready-to-eat formats. The products respond directly to consumer demand for functional foods and snacks offering dietary benefits, convenience, and flavor.

"We are thrilled to be a first-time exhibitor at PLMA Chicago," said Seung Yeong Choi, Manager of Overseas Sales at Dae Chun Laver. "Retailers and buyers are looking for products that go beyond flavor—they need clean labels and strong nutritional profiles."

Dae Chun Laver representatives will be available at Booth #F5414 throughout the exhibition for media interviews, product samplings, and distributor meetings.

To view the product catalog or schedule a briefing ahead of the show, visit www.9329292.co.kr or contact the overseas sales team below.
