FOR IMMEDIATE RELEASE | NOVEMBER 5, 2026

FENIX I.C. Presents Mediterranean Specialties for Private Label at PLMA

Table olives, extra virgin olive oils and olive spreads for private label and branded programs.

FENIX I.C., through its TOKA brand, is showcasing a Mediterranean range of table olives, extra virgin olive oils and olive spreads at PLMA’s 2026 Private Label Trade Show in Chicago, November 15-17. Visitors to Booth F5416 can explore the range and discuss private label opportunities.

The portfolio brings together familiar Mediterranean staples and specialty flavors for grocery shelves, deli selections and foodservice. Buyers can discover:

Table olives. Green and Kalamata olives in whole, pitted and sliced formats, alongside stuffed green olives with fillings including almond, garlic, jalapeño, baby gherkin and red pepper. The selection offers options for antipasti, salads, entertaining and deli assortments.

Extra virgin olive oils and flavored condiments. Conventional and organic extra virgin olive oils, complemented by lemon, rosemary, chili, garlic, basil and truffle varieties. The range spans everyday cooking, dressings and marinades through to finishing oils and specialty gifting.

Olive spreads. Green and Kalamata olive spreads for crostini, sandwiches, dips and Mediterranean appetizer selections, extending the olive category beyond whole-fruit formats.

Packaging options include retail glass jars, olive oil bottles and tins, as well as larger olive containers for foodservice. The team will meet buyers to discuss product selection, available pack sizes and private label project requirements.

Visitors are invited to Booth F5416 to taste the TOKA range and meet the FENIX I.C. team to discuss potential supply partnerships.
